

Dear members of the Judiciary Committee:

Regarding Senate Bill 16: An Act Addressing Gun Violence and Juvenile Crime.

Once again, gun owners like me have been placed in a position to defend ourselves amidst a bill that claims to "address gun violence". You have lumped us in with criminals, many of which you have repeatedly released under democrat lead policies, only to commit crime again.

Tell me how requiring trigger locks to be sold with a new gun helps your problem with crime?

Tell me how banning guns on public transport makes anyone safer? Criminals will still be armed.

Tell me how registering home-made firearms (an American tradition) made before 2019 will reduce crime? Gangbangers aren't making guns, they are stealing them.

Tell me how making .22 rifles that "look scary" will make anyone safer?

You can't.

PLEASE OPPOSE SENATE BILL 16
